PLEDGE OF ALLEGIANCE

PRINCIPALS' REPORTS

Ms. Diane Smith, Principal of Hillside Elementary shared with the Board and the community her report:

- Parent teacher conferences were held this week for our 621 students currently enrolled at Hillside. She hoped our parents found their conferences meaningful, and thanked our staff for their efforts on sharing student progress.
- End of trimester one, report cards released tomorrow afternoon. Today parents received information with an overview of standards based report cards. She hoped this helps provide parents with an understanding of report cards.
- Yesterday our wellness committee met to plan activities to Jump Start the new year for students and staff. As you may recall, through our mental health grants students participated in START activities in September. After reflecting over the past few months, we revised some of our activities and are looking forward to the January Jump Start! One of the highlights is organizing recess, which we feel will help develop social skills as well as provide fun activities for our students. More information will be shared in the coming weeks.
- Hillside happenings in the building:

- Kindergarten shared their traditions in a holiday show and tell
- First grade created squares for a holiday quilt
- Second graders learned about holidays around the world

- In STEM, Ms. Iyo and Ms. Menchise collaborated on the dragster project in which fourth grade students learned about engineering and created their own wood cars. This week they raced their cars and it was exciting to see the students cheering on peers.
- o Ms. Pidi worked with the first graders to create a virtual imovie concert for Thanksgiving.
- The fourth grade students are working on putting together a winter video song celebration as well.
- Instrumental students are making progress while having their lessons outside for the majority of classes, especially our clarinet students who can already read and play songs using 5 notes.
- o In the library, students in grades 2-4 are busy exploring the nonfiction areas of our library and learning the Dewey decimal system for our school and public libraries.
- Kand 1 students are learning to use simple technologies as well as navigate websites for learning and enjoyment. Students have been enjoying Bookflix and winter books as we get ready for chilly days ahead!
- o Tomorrow the Student Council will hold elections for officers.
- Next week we will celebrate our Blue Ribbon school by tying blue ribbons on the fence by the upper loop as well as within the building. We are looking forward to our next activity in the coming weeks which highlights how we all had a hand in making Hillside a blue ribbon school. Each month we will be celebrating and we look forward to involving the Closter community in our events.
- Several spirit days are coming up, tomorrow we will celebrate the season of winter by wearing blue and white. Next week we will wear holiday hats, look on the bright side by wearing bright colors and a favorite winter holiday pajama day on the last day before holiday recess.

SUPERINTENDENT'S REPORT

Mr. Vincent McHale, Superintendent of Schools shared with the Board and the community his report:

U.S. News and World Report recently published their first-ever rankings of public elementary
and middle schools, and Closter Public Schools were named as having a "Best Elementary
School" and "Best Middle School" because we placed among the top 30% in the state of New
Jersey. You can read more about the ranking of Hillside Elementary School at
https://www.usnews.com/education/k12/elementary-schools/new-jersey/district-117342 and the

- ranking of Tenakill Middle School at https://www.usnews.com/education/k12/middle-schools/new-jersey/district-117342. Kudos to everyone for their work in keeping our schools among the best!
- The NJDOE has determined that districts cannot use virtual learning for snow days. So if we have inclement weather, we will either use a delayed opening or will close school. Please note that our 2021-2022 school year calendar only has one emergency closing day. If we have more than one emergency closing day, we will add days on June 21, 22, 23, and 24, 2022. There is a bill proposed on December 2, 2021, in the New Jersey Senate, S4200, which would allow virtual learning to be used to meet the 180-day school year requirement. He will keep everyone apprised if the legislation changes to allow us to use virtual learning on an inclement weather day.
- He wants to thank our outgoing Board members, Sung Min Lee, Michele Bhagat, and Tony Linn for their devoted service to Closter Public Schools. On behalf of our entire Closter community, He thanked them for their knowledge, skill, and passion which ensured that our schools remain among the best in New Jersey, if not the United States. He wished them well in their future endeavors, and please continue to be involved in our school district!
- Closter Public Schools will be closed for the holiday recess from Friday, December 24, 2021, through Friday, December 31, 2021. Schools will reopen on Monday, January 3, 2022. Again, be reminded that if unvaccinated students or staff travel outside of NJ, NY, PA, CT, DE, or outside the United States, they will need to quarantine before returning to school. This is part of our community-wide effort to keep our students and staff safe from COVID-19. Please review the Quarantine Timeframes document on our website or call the school nurse at your child's school for more information. If your child is fully vaccinated, they do NOT need to quarantine unless they exhibit symptoms. For children ages 5-11 who have been recently vaccinated in accordance with the new CDC endorsement and recommendations for vaccination, please note that your child will not be considered vaccinated until two weeks after they receive their second dose of the vaccine.
- He wished everyone a joyous holiday season! Best wishes for a healthy and happy new year!

Councilwoman Ms. Jennie Chung let the district know there is a grant offered by the YWCA of Bergen County to have a speaker come and provide professional development in school districts. Closter Public Schools and Hoboken Public Schools are recipients of this grant. On December 8th our administrative team met with a representative from the YWCA and a representative from the group providing the professional development. School Employee Vaccination Requirements

1648.13 SCHOOL EMPLOYEE VACCINATION REQUIREMENTS

In accordance with Executive Order No. 253 signed by the Governor of New Jersey on August 23, 2021, the Board shall adopt and maintain a policy that requires all covered workers to either provide adequate proof that they have been fully vaccinated or submit to COVID-19 testing at a minimum of one to two times each week.

This requirement shall take effect on October 18, 2021, at which time any covered workers that have not provided adequate proof to the school district that they are fully vaccinated must submit to COVID-19 testing at a minimum of one to two times each week on an ongoing basis until fully vaccinated.

For purposes of Executive Order 253 and this Policy, "covered workers" shall include all individuals employed by the Board of Education, both full and part-time, including, but not limited to, administrators; teachers; educational support professionals; individuals providing food, custodial, and administrative support services; substitute teachers, whether employed directly by the Board of Education or otherwise contracted; contractors; providers; and any other individuals performing work in the school district whose job duties require them to make regular visits to the school district, including volunteers. Covered workers do not include individuals who visit the school district only to provide one-time or limited duration repairs, services, or construction.

A covered worker shall be considered "fully vaccinated" for COVID-19 two weeks or more after they have received the second dose in a two-dose series or two weeks or more after they have received a single-dose vaccine. Individuals will only be considered fully vaccinated after they have received a COVID-19 vaccine that is currently authorized for Emergency Use Authorization (EUA) by the United States Food and Drug Administration (FDA) or the World Health Organization (WHO), or that are approved for use by the same.

Workers who are not fully vaccinated, or for whom vaccination status is unknown, or who have not provided sufficient proof of documentation, shall be considered unvaccinated in accordance with the provisions of Executive Order 253.

Covered workers shall demonstrate proof of full vaccination status by presenting any of the following documents if they list COVID-19 vaccines currently authorized for EUA by the FDA or the WHO, or that are approved for use by the same, along with an administration date for each dose:

School Employee Vaccination Requirements

- 1. The Centers for Disease Control and Prevention (CDC) COVID-19 Vaccination Card issued to the vaccine recipient by the vaccination site, or an electronic or physical copy of the same;
- 2. Official record from the New Jersey Immunization Information System (NJIIS) or other State immunization registry;
- 3. A record from a health care provider's portal/medical record system on official letterhead signed by a licensed physician, nurse practitioner, physician's assistant, registered nurse, or pharmacist;
- 4. A military immunization or health record from the United States Armed Forces; or
- 5. Docket mobile phone application record or any State specific application that produces a digital health record.

The Board of Education's collection of vaccination information from covered workers shall comport with all Federal and State laws, including, but not limited to, the Americans with Disabilities Act, that regulate the collection and storage of that information.

To satisfy the testing requirement of Executive Order 253 and this Policy, an unvaccinated covered worker must undergo screening testing at a minimum of one to two times each week, to be determined by the Superintendent of Schools.

An unvaccinated covered worker is required to submit proof of a COVID-19 test. The unvaccinated covered worker may choose either antigen or molecular tests that have EUA by the FDA or are operating per the Laboratory Developed Test requirements by the U.S. Centers for Medicare and Medicaid Services.

Where a Board of Education provides the unvaccinated covered worker with on-site COVID-19 test(s), the school district may similarly elect to administer or provide access to either an antigen or molecular test.

If the covered worker is not working on-site in the school district during a week when testing would otherwise be required, the Superintendent or designee may not require the worker to submit to testing for that week. This requirement shall not supplant any requirement imposed by the Board of Education regarding diagnostic testing of symptomatic workers or screening testing of vaccinated workers.

CLOSTER BOARD OF EDUCATION

ADMINISTRATION 1648.13/page 3 of 3 School Employee Vaccination Requirements

The Board of Education shall track test results required by Executive Order 253 and must report those results to the local public health department.

Nothing in Executive Order 253 and this Policy shall prevent a Board of Education from revising this Policy to include additional or stricter requirements, as long as such revisions comport with the minimum requirements of Executive Order 253.

Executive Order 253 authorizes the Commissioner of the Department of Health (DOH) to issue a directive supplementing the requirements outlined in Executive Order 253, which may include, but not be limited to, any requirements for reporting vaccination and testing data to the DOH. Actions taken by the Commissioner of the DOH pursuant to Executive Order 253 shall not be subject to the requirements of the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq.

This Policy shall be supplemented by Policy 1648.11 – Appendix A, which shall include the school district's protocols implementing the provisions of this Policy.

The Superintendent is authorized to implement revisions to provisions in this Policy based on any subsequent Executive Orders or any additional mandates that affect any provisions of this Policy. Any such revisions in this Policy shall be submitted by the Superintendent to the Board of Education for ratification if the Board cannot approve such revisions before the effective date

ADMINISTRATION 1648.14/page 1 of 9 Safety Plan For Healthcare Settings In School Buildings – COVID-19

1648.14 <u>SAFETY PLAN FOR HEALTHCARE SETTINGS IN</u> <u>SCHOOL BUILDINGS – COVID-19</u>

A. Purpose and Scope

The Board of Education is committed to providing a safe and healthy workplace for all employees and has adopted this Policy that shall be the school district's COVID-19 Plan (Plan) that includes procedures to minimize the risk of transmission of COVID-19, in accordance with Occupational Safety and Health Act of 1970 (OSHA) COVID-19 Emergency Temporary Standard (ETS) published on June 21, 2021. The ETS, 29 CFR 1910 - Subpart U, applies to all settings where any school district employee or contracted service provider provides healthcare services or health care support services. Public Employees' Occupational Safety and Health (PEOSH), the agency with jurisdiction over public employers in New Jersey, has adopted the ETS in full. However, its applicability for school districts is primarily restricted to the nurse's office and any adjoining clinical areas and not the entire school building.

The Board, administration, and the COVID-19 Safety Coordinator(s) will work collaboratively with all employees in the development, implementation, monitoring, and updating of this Plan.

1. Definitions

- a. "Employee" means any district employee or contracted service provider working in a healthcare setting where people with suspected or confirmed COVID-19 are reasonably expected to be present.
 - (1) Therefore, the provisions of the ETS and this Policy only apply to employees or contracted service providers working in a nurse's office or any adjoining clinical areas.
- "Healthcare setting" means all settings in the school district where any employee or contracted service provider provides healthcare services or healthcare support services.
 - Where a healthcare setting is embedded within a non-healthcare setting (i.e. school nurse's office and any adjoining clinical areas in a school building), the ETS and this Policy only apply to the embedded healthcare setting and not to the remainder of a school building in accordance with 29 CFR 1910.502(a)(3)(i).

CLOSTER BOARD OF EDUCATION

ADMINISTRATION 1648.14/page 2 of 9 Safety Plan For Healthcare Settings In School Buildings -- COVID-19

- c. For the purpose of this Policy, additional definitions shall be those definitions listed in 29 CFR 1910.502(b).
- 2. The school district has multiple healthcare settings that are substantially similar; therefore; has developed and adopted this single Plan for these substantially similar healthcare settings, with site-specific considerations included in this Plan. The healthcare settings in the school district are listed in Appendix 1.
 - a. Any school district health care settings that are not substantially similar, the school district shall develop and adopt separate COVID-19 Plans for each healthcare setting and list them in Appendix 1.
- B. Roles and Responsibilities for School District Employees
 - 1. The school district's goal in adopting this Policy is to prevent the transmission of COVID-19 in the school district's healthcare settings. All staff members are responsible for supporting, complying with, and providing recommendations to further improve this Plan.
 - 2. The Superintendent will designate a COVID-19 Safety Coordinator(s) who shall implement and monitor this Plan. The COVID-19 Safety Coordinator(s) shall have the school district's full support in implementing and monitoring this Plan, and has authority to ensure compliance with all aspects of this Plan.
- C. Hazard Assessment and Worker Protections
 - 1. The Superintendent of Schools or designee will conduct a specific hazard assessment of its healthcare settings to determine potential hazards related to COVID-19.
 - a. A hazard assessment will be conducted initially and whenever changes in a healthcare setting in the school district create a new potential risk of employee exposure to COVID-19 (e.g., new work activities in the healthcare setting).
 - 2. The Superintendent has developed and the Board has adopted this Plan that includes the procedures the school district will use to determine an employee's vaccination status as outlined in Appendix 2.

CLOSTER BOARD OF EDUCATION

ADMINISTRATION 1648.14/page 3 of 9 Safety Plan For Healthcare Settings In School Buildings – COVID-19

- a. In the event the Superintendent or designee cannot or does not determine or confirm the vaccination status of an employee, the employee shall be presumed to be unvaccinated.
- 3. All completed hazard assessment forms and results will be attached to this Plan in Appendix 3 and will be accessible to all employees at each school district facility.
- 4. The school district will address the hazards identified by the assessment, and have included in this Plan the procedures to minimize the risk of transmission of COVID-19 for each employee. These procedures are included in the following Appendices:
 - a. Patient Screening and Management
 - (1) In healthcare settings in the school district where direct patient care is provided, the school district will include protocols addressing patient screening and management in Appendix 4.

| Facility Location | Worksite-Specific COVID-19 Considerations |
|--------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------|
| Hillside Elementary School Nurse's Office (A103) | If a student presents with COVID-19 symptoms, they are placed in an isolation room. |
| 340 Homans Avenue Closter, NJ | Students wait outside the nurse's office and not more two students are in the nurse's office at a time. |
| Tenakill Middle School Nurse's Office (A111) 275 High Street | If a student presents with COVID-19 symptoms, they are placed in an isolation room. |

Appendix 2 - Vaccination Status Plan:

All employees completed a COVID-19 Attestation Form by September 30, 2021. Employees indicated on the form their vaccination status. If an employee was unvaccinated, he/she was required to submit to weekly testing for COVID-19.

New employees as of October 1, 2021, will complete a COVID-19 Attestation Form on their start date. Unvaccinated employees will be required to submit weekly COVID-19 test results on Tuesday or Friday. If the northeast region of the state is in high or very high transmission, unvaccinated employees will be required to submit COVID-19 test results on Tuesday and Friday each week.

COVID-19 Healthcare Worksite Checklist & Employee Job Hazard Analysis

OSHA COVID-19 Healthcare Worksite Checklist

- Employers in settings where employees provide healthcare services or healthcare support services may use the following Worksife Checklist to implement worker protections from COVID-19 in compliance with the OSTIA COVID-19 Healthcare Emergency Temporary Standard (ETS).
- > If employers choose to use this Worksite Checklist, there are 2 STEPS to complete:
 - STEP 1: Determine if OSHA's COVID-19 Healthcare ETS applies to your workplace or portions of your workplace.
 - STEP 2: Use this Worksite Checklist to develop and implement worker protections from COVID-19 in your workplace.

STEP 1: Determine if the ETS applies to your workplace or portions of your workplace,

You may use the "Is your workplace covered by the COVID-19 Healtheare ETS?" flow chart to determine whether and how OSHA's COVID-19 Healthcare ETS applies to your workplace. Note that this determination must be made for each workplace where your employees work.

STEP 2: If the ETS applies to your workplace or portions of your workplace, use this Worksite Checklist & Employee Job Hazard Analysis to develop and implement worker protections from COVID-19 in your workplace.

Use the sections of this Worksite Checklist & Employee Job Hezard Analysis that apply to your workplace or portions of your workplace to develop and implement worker protections from COVID-19. This checklist is intended to be used alongside OSHA's COVID-19 Plan Template to help you develop and implement a COVID-19 plan, as required by the ETS, for your workplace. Seek the involvement of non-managerial employees and their representatives in completing this checklist and implementing the COVID-19 plan.

✓ Physical Distancing in your Workplace

This section will assist you in implementing physical distancing measures at your workplace.

- o Employers must ensure that employees are separated from other people by at least 6 feet when indoors, and install cleanable or disposable solid barriers at fixed work locations outside of direct patient care areas where each employee is not separated from other people by at least 6 feet, unless the employer can demoustrate that these measures are infeasible. Refer to the Fixed Work Location and Job Task Inventory for Employees Outside of Direct Patient Care Areas Who Cannot Maintain Physical Distancing and the Job Hazard Analysis (Controls) sections below.
- o In evaluating how to implement physical distancing, employers should consider these measures as they build their COVID-19 plans.
- o Employers must implement physical distancing along with the other provisions required by the ETS as part of a multi-layered strategy to minimize employee exposure to COVID-19.
- NOTE: The ETS exempts fully vaccinated workers from physical distancing and barrier requirements when in well-defined areas where there is no reasonable expectation that any person with suspected or confirmed COVID-19 will be present.

In all other areas, employers must clean high-touch surfaces and equipment at least once a day, following manufacturers' instructions for application of cleaners; and clean and disinfect, in accordance with CDC's "Cleaning and Disinfecting Guidance" any areas, materials, and equipment under the employer's control that have likely been contaminated by a person who is COVID-19 positive and has been in the workplace within the last 24 hours.
- o Employers must provide alcohol-based hand rub that is at least 60% alcohol or provide readily accessible hand washing facilities.

Fixed Work Location and Job Task Inventory for Employees Outside of Direct Patient Care Areas Who Cannot Maintain Physical Distancing

Use this Fixed Work Location and Job Task Inventory and input from employees to identify any fixed work locations outside of direct patient care areas where employees cannot maintain at least 6 feet of physical distancing from all other people when indoors. Direct patient care means hands-on, face-to-face contact with patients for the purpose of diagnosis, treatment, and monitoring.

Note: The ETS exempts fully vaccinated workers from physical distancing and barrier requirements when in well-defined areas of the workplace where there is no reasonable expectation that any person with suspected or confirmed COVID-19 will be present.

Fixed work locations are workstations where an employee is assigned to work for significant periods of time. Protective measures can often be implemented at fixed workstations to minimize potential exposure to COVID-19.

o Take an inventory of all fixed work locations outside of direct patient care areas where employees cannot maintain 6 feet of physical distance from all other people. Note the number of workers at each location.

For example: 5 administrative employees work at an outpatient medical office with fixed work locations at:

- The reception area
- Employee desk area not in direct patient care areas
- o For each fixed work location, describe the job tasks where employees cannot maintain 6 feet of physical distance from all other people.

For example: For the outpatient medical office:

- 2 employees in the reception area interact with patients, families, and the public to conduct administrative tasks at the reception desk
- 3 employees work at their desks not in direct patient care areas

The employer must provide a respirator, gloves, an isolation gown or protective clothing, and eye protection to each employee with exposure to people with suspected or confirmed COVID-19. The employer must ensure that the respirator is used in accordance with the respiratory protection standard (29 CFR 1910.134) and that other PPE is used in accordance with 29 CFR 1910 subpart I.

For AGPs performed on a person with suspected or confirmed COVID-19, employers are encouraged to select elastomeric respirators or PAPRs instead of filtering facepiece respirators.

This document is intended to provide information about the COVID-19 Emergency Temporary Standard. The Occupational Safety and Health Act requires employers to comply with safety and health standards promulgated by OSITA or by a state with an OSHA-approved state plan. However, this document is not itself a standard or regulation, and it creates no new legal obligations.

Appendix 4 - Patient Screening and Management:

When an employee or student presents with COVID-19 symptoms, he or she will wait in an isolation room. If there is more than one employee or student presenting with symptoms at the same time, a vacant classroom will be used for isolation.

At all times, employees and students will wait outside the nurse's office prior to the school nurse accepting them into the office. Only two employees or students will be admitted to the nurse's office at a time.

Appendix 5 - Standard and Transmission-Based Precautions:

The school nurses at both district schools will use multi-layered control precautions, including:

- Required masking of all staff, students, and visitors;
- Social distancing of three feet, when practicable;
- Hand washing and hand sanitizing;
- Hand sanitizing stations throughout the schools;
- Ventilation through HVAC system and use of open windows to increase fresh air in rooms;
- Use of Odorox filtration system in the nurse's office;
- Daily self-screening for COVID-19 symptoms by employees and students prior to arrival at work/school each day;
- Using isolation room for anyone who presents COVID-like symptoms;
- Following CDC and NJDOH quarantines.

Appendix 6 - Personal Protective Equipment (PPE):

All staff and students will be required to wear a three-ply facemask when inside school buildings. The school nurse will provide a mask to anyone who requires one. The face masks must cover the nose, mouth and chin.

CLOSTER BOARD OF EDUCATION

Appendix 7 - Physical Distancing:

The nurse's office in Hillside Elementary School and in Tenakill Middle School are marked with signs and floor markings to indicate where students and staff should wait prior to entering. The markings are spaced six feet apart.

There will be a maximum of two students/staff at a time in the nurse's office and the students/staff maintain three feet of social distance.

Appendix 8 - Physical Barriers:

School nurses will have face shields and safety glasses to use as a physical barrier when assessing students or staff and when physical distancing cannot be maintained for treatment.

Appendix 9 - Cleaning and Disinfecting:

5751 SEXUAL HARASSMENT OF STUDENTS

The Board of Education will not tolerate sexual harassment of students by school employees, other students, or third parties. Sexual harassment of students is a form of prohibited sex discrimination. In accordance with Title IX of the Education Amendments of 1972 and the Code of Federal Regulations (CFR), 34 CFR §106, the school district adopts this Policy and implement practices to investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students, or third parties pursuant to 34 CFR §106.3(c). The Title IX Coordinator shall be responsible for effective implementation of any remedies in accordance with 34 CFR §106.45(b)(7)(iv). The appropriate school official designated by the Superintendent, after consultation with the Title IX Coordinator, will determine sanctions imposed and remedies provided, if any.
