- A. Prohibiting Harassment, Intimidation, or Bullying

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. The Board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation, or bullying, like other

POLICY GUIDE

disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purpose of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s); adoptive parent(s); legal guardian(s); resource family parent(s); or surrogate parent(s) of a student. When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

B. Definition of Harassment, Intimidation, or Bullying

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to their person or damage to their property; or
 - b. Has the effect of insulting or demeaning any student or group of students; or

POLICY GUIDE

- c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

The Board of Education recognizes that bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Recognizing "a real or perceived power imbalance" may assist school officials in identifying harassment, intimidation, or bullying within the context and relative positions of the alleged aggressor and target.

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or remotely activating paging device in accordance with N.J.A.C. 6A:16-1.3.

In accordance with the Board's Code of Student Conduct and this Policy, all acts of harassment, intimidation, or bullying that occur off school grounds, such as "cyber-bullying" (e.g., the use of electronic means to harass, intimidate, or bully) are addressed in this Policy.

C. Student Behavior

The Board of Education expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities, with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment, consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the parents and other community representatives, school administrators, school employees, school volunteers, and students of the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and that it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities for helping students learn to assume

POLICY GUIDE

and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, or bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property, and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, school employees, volunteers, students, and community representatives, in the development of this Policy.

Pursuant to N.J.A.C. 6A:16-7.1, the Board developed guidelines for student conduct, taking into consideration the nature of the behavior; the nature of the student's disability, if any and to the extent relevant; the developmental ages of students; severity of the offenses and students' histories of inappropriate behaviors; and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent shall annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. The school district will support students who:

POLICY GUIDE

1. Walk away from acts of harassment, intimidation, or bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;
3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, or bullying to the designated school staff member.

D. Consequences and Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct, and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation, or bullying.

In every incident found to be harassment, intimidation, or bullying, the school Principal, in consultation with appropriate school staff, may apply disciplinary consequences and/or remedial actions, such as the provision of counseling, behavioral interventions, or other measures.

Appropriate consequences and remedial actions are those that are graded according to the severity of the offenses; consider the developmental ages of the student offenders; the nature of the student's disability, if any and to the extent relevant; and students' histories of inappropriate behaviors, per the Code of Student Conduct and N.J.A.C. 6A:16-7.

The student intervention plan may include disciplinary consequences and/or remedial actions and may require the student, accompanied by a parent, to satisfactorily complete a class or training program to reduce harassment, intimidation, or bullying behavior. Each student intervention plan must be approved by the Superintendent.

E. Reporting Harassment, Intimidation, or Bullying

The Board of Education requires the Principal at each school to be responsible for receiving all complaints alleging harassment, intimidation, or bullying committed by an adult or youth against a student. All Board members, school employees, and volunteers and contracted service providers who have contact with students, are required to verbally report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and contracted service providers who have contact with students, also shall submit a New Jersey Department of Education-

POLICY GUIDE

approved HIB 338 Form to the Principal within two school days of the verbal report. Failure to make the required report(s) may result in disciplinary action. The HIB 338 Form shall be kept on file at the school, but shall not be included in any student record unless the incident results in disciplinary action or is otherwise required to be contained in a student's record under State or Federal Law.

The district may not fail to initiate an investigation of harassment, intimidation, or bullying solely because written documentation was not provided. Failing to conduct a harassment, intimidation, or bullying investigation solely because a parent or student did not submit written documentation violates the Anti-Bullying Bill of Rights Act and this Policy. If a parent makes a verbal allegation of harassment, intimidation, or bullying to a district staff member, but does not complete and submit the HIB 338 Form, the staff member or a designee must complete and submit the HIB 338 Form.

The Principal or designee is required to inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. Pursuant to N.J.A.C. 6A:16-7.7(a)2.viii.(2), when providing notification to the parents of all students involved, the Principal or designee shall take into account the circumstances of the incident when conveying the nature of the incident, including the actual or perceived category motivating the alleged offense.

The Principal or designee shall keep a written record of the date, time, and manner of notification to the parents.

The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. The school district shall provide a person an online means to complete the HIB 338 Form to anonymously report an act of harassment, intimidation, or bullying. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a

POLICY GUIDE

cause of action for damages arising from any failure to remedy the reported incident.

The Principal shall promptly submit a copy of each completed HIB 338 Form to the Superintendent.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, in addition to making the HIB 338 Form available online, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, or bullying or who determines a reported incident or complaint, assuming all facts presented are true, is a report within the scope of N.J.S.A. 18A:37-14 and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action. The district also should consider procedures and disciplinary action when it is found that someone had information regarding a harassment, intimidation, or bullying incident, but did not make the required report(s).

POLICY GUIDE

G. Investigating Allegations of Harassment, Intimidation, or Bullying

Principal's Preliminary Determination

Prior to initiating an investigation regarding a reported incident or complaint, the Principal or designee, in consultation with the Anti-Bullying Specialist, shall make a preliminary determination as to whether a reported incident or complaint, assuming all facts are presented as true, is a report within the scope of N.J.S.A. 18A:37-14.

Should the Principal or designee, in consultation with the Anti-Bullying Specialist, determine that a reported incident or complaint, assuming all facts presented are true, is not a report within the scope of N.J.S.A. 18A:37-14, the incident will be addressed through the Board's Code of Student Conduct policy. The HIB 338 Form shall be completed, even if a preliminary determination is made not to conduct an investigation of harassment, intimidation, or bullying because the reported incident or complaint is a report outside the scope of the definition of harassment, intimidation, or bullying, and must be submitted to the Superintendent. The Principal will provide the parents of the alleged offender(s) and victim(s) with formal notice of the decision not to initiate a harassment, intimidation, or bullying investigation.

The HIB 338 Form shall be kept on file at the school and will only be added to a student record if the alleged incident is founded, disciplinary action is imposed or is otherwise required to be contained in a student's record under State or Federal law.

The Superintendent may require the Principal to conduct a harassment, intimidation, or bullying investigation of the incident if the Superintendent determines that the incident is within the scope of harassment, intimidation, or bullying and shall notify the Principal of this determination in writing. Should the Superintendent require the Principal to conduct a harassment, intimidation, or bullying investigation, the Principal will immediately initiate an investigation of harassment, intimidation, or bullying by referring the matter to the school Anti-Bullying Specialist.

Additionally, any preliminary determination that finds the incident or complaint is a report outside the scope of N.J.S.A. 18A:37-14 may be appealed to the Board, pursuant to the Board policies and procedures governing student grievances, and thereafter to the Commissioner in accordance with N.J.A.C. 6A:16-7.7(a)ix(1) and (a)ix(1)(A). Should the preliminary determination not to conduct an investigation of harassment, intimidation, or bullying be overturned, the Principal will immediately

POLICY GUIDE

initiate an investigation of harassment, intimidation, or bullying by referring the matter to the school Anti-Bullying Specialist.

The Board requires a thorough and complete investigation to be conducted for each reported incident or complaint, assuming all facts presented are true, that is determined to be a report within the scope of N.J.S.A. 18A:37-14. The investigation shall be initiated by the Principal or designee within one school day of the verbal report of the incident. The investigation shall be conducted by the school Anti-Bullying Specialist appointed by the Principal. The Principal may appoint additional personnel who are not school Anti-Bullying Specialists to assist the school Anti-Bullying Specialist in the investigation. Investigations of complaints concerning adult conduct shall not be investigated by a member of the same bargaining unit as the individual who is the subject of the investigation. The Anti-Bullying Specialist may not participate in an investigation regarding their supervisor or staff at a higher administrative level.

The investigation shall be completed, and the written findings submitted to the Principal as soon as possible, but not later than ten school days from the date of the written report of the alleged incident of harassment, intimidation, or bullying or ten school days from the date of the written notification from the Superintendent to the Principal to initiate an investigation. Should information regarding the reported incident and the investigation be received after the end of the ten-day period, the school Anti-Bullying Specialist or the Principal shall amend the original report of the results of the investigation to ensure there is an accurate and current record of the facts and activities concerning the reported incident.

The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). As appropriate to the findings from the investigation, the Superintendent shall ensure the Code of Student Conduct has been implemented and provide intervention services, order counseling, establish training programs to reduce harassment, intimidation, or bullying and enhance school climate, or take or recommend other appropriate action, including seeking further information as necessary.

The Superintendent shall report the results of each investigation to the Board no later than the date of the regularly scheduled Board meeting following the completion of the investigation. The Superintendent's report also shall include information on any consequences imposed under the Code of Student Conduct, intervention services provided, counseling ordered,

POLICY GUIDE

training established or other action taken or recommended by the Superintendent.

Parents of the students who are parties to the investigation shall be provided with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents includes the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, or whether consequences were imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within five school days after the results of the investigation are reported to the Board.

A parent may request a hearing before the Board after receiving the information. Any request by the parents for a hearing before the Board concerning the written information about a harassment, intimidation, or bullying investigation, pursuant to N.J.S.A. 18A:37-15.b (6)(d), must be filed with the Board Secretary no later than sixty calendar days after the written information is received by the parents. The hearing shall be held within ten business days of the request. Prior to the hearing, the Superintendent shall confidentially share a redacted copy of the HIB 338 Form that removes all student identification information with the Board. The Board shall conduct the hearing in executive session, pursuant to the Open Public Meetings Act (N.J.S.A. 10:4-1 et seq.), to protect the confidentiality of the students. At the hearing, the Board may hear testimony from and consider information provided by the school Anti-Bullying Specialist and others, as appropriate, regarding the alleged incident; the findings from the investigation of the alleged incident; recommendations for consequences or services; and any programs instituted to reduce such incidents, prior to rendering a determination.

At the regularly scheduled Board meeting following its receipt of the report or following a hearing in executive session, the Board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The Board's decision may be appealed to the Commissioner of Education, in accordance with N.J.A.C. 6A:3, no later than ninety days after the issuance of the Board's decision.

A school administrator who receives a report of harassment, intimidation, or bullying and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

POLICY GUIDE

The Board also requires the thorough investigation of complaints or reports of harassment, intimidation, or bullying, occurring on district school buses, at district school-sponsored functions, and off school grounds involving a student who attends an approved private school for students with disabilities. The investigation will be conducted by the Board's Anti-Bullying Specialist in consultation with the approved private school for students with disabilities.

H. Responding to Harassment, Intimidation, or Bullying

The Board of Education authorizes the Principal of each school to define the range of ways in which school staff will respond once an incident of harassment, intimidation, or bullying is confirmed, and the Superintendent shall respond to confirmed harassment, intimidation, or bullying, according to the parameters described below and in this Policy. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring that the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term suspensions, N.J.A.C. 6A:16-7.3, Long-term suspensions, and N.J.A.C. 6A:16-7.4, Expulsions.

In considering whether a response beyond the individual is appropriate, school officials shall consider the nature and circumstances of the act; the degree of harm; the nature and severity of the behavior; past incidences or past or continuing patterns of behavior; and the context in which the alleged incident(s) occurred. Institutional (i.e., classroom, school building, school district) responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based harassment, intimidation, or bullying prevention program models, to training for certificated and non-certificated staff, to participation of parents and other community members and organizations, to small or large group presentations for fully addressing the actions and the school's response to the actions, in the context of the acceptable student and staff member behavior and the consequences of such actions, and to the involvement of law enforcement officers, including safe schools resource officers.

POLICY GUIDE

This Policy and the Code of Student Conduct shall apply to instances when a school employee is made aware of alleged harassment, intimidation, or bullying occurring off school grounds.

For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

1. Individual responses can include positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) and punitive actions (e.g., detention, in-school or out-of-school suspension, expulsion, law enforcement report or other legal action).
2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays, research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.
3. School responses can include theme days, learning station programs, parent programs, and information disseminated to students and parents, such as fact sheets or newsletters explaining acceptable uses of electronic and wireless communication devices or strategies for fostering expected student behavior.
4. District-wide responses can include community involvement in policy review and development; professional development programs; adoption of curricula and school-wide programs; coordination with community-based organizations (e.g., mental health, health services, health facilities, law enforcement officials, faith-based organizations); and disseminating information on the core ethical values adopted by the Board's Code of Student Conduct, per N.J.A.C. 6A:16-7.1(a)2.

In providing support for victims of harassment, intimidation, or bullying, the district should identify a range of strategies and resources, which may include, but is not limited to, the following actions for individual victims:

- Counseling;
- Teacher Aides;
- Hallway and playground monitors;

POLICY GUIDE

- Schedule changes;
- Before and after school supervision;
- School transportation supervision;
- School transfers; and
- Therapy.

I. Reprisal or Retaliation

The Board of Education prohibits a Board member, school employee, contracted service provider who has contact with students, school volunteer, or student from engaging in reprisal, retaliation, or false accusation against a victim, witness, or any other person who has reliable information about an act of harassment, intimidation, or bullying or who reports an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act, in accordance with case law, Federal and State statutes and regulations, and district policies and procedures.

J. False Accusations of Harassment, Intimidation, or Bullying

The Board of Education prohibits any person from falsely accusing another as a means of harassment, intimidation, or bullying.

1. Students - Consequences and appropriate remedial action for a student could range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37-1, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term suspensions, N.J.A.C. 6A:16-7.3, Long-term suspensions, and N.J.A.C. 6A:16-7.4, Expulsions;
2. School Employees - Consequences and appropriate remedial action for a school employee or contracted service provider who has contact with students could entail discipline in accordance with district policies, procedures, and agreements; and
3. Visitors or Volunteers - Consequences and appropriate remedial action for a visitor or volunteer could be determined by the school administrator after consideration of the nature, severity, and circumstances of the act, including law enforcement reports or other legal actions, removal of building or grounds privileges, or prohibiting contact with students or the provision of student services.

K. Additional Policy Requirements

POLICY GUIDE

The Board of Education requires the Superintendent to annually disseminate this Policy to all school employees, contracted service providers who have contact with students, school volunteers, students and parents who have children enrolled in a school in the school district, along with a statement explaining that this Policy applies to all acts of harassment, intimidation, or bullying, pursuant to N.J.S.A. 18A:37-14, that occur on school property, at school-sponsored functions or on a school bus and, as appropriate, acts that occur off school grounds.

The training shall include instruction on preventing bullying on the basis of the protected categories enumerated in N.J.S.A. 18A:37-14 and other distinguishing characteristics that may incite incidents of discrimination, harassment, intimidation, or bullying. The school district's employee training program shall include information regarding the school district policy against harassment, intimidation, or bullying, which shall be provided to full-time and part-time staff, contracted service providers and school volunteers who have significant contact with students.

POLICY GUIDE

The Superintendent shall develop and implement a process for annually discussing the school district policy on harassment, intimidation, or bullying with students. The Superintendent and the Principal(s) shall annually conduct a re-evaluation, reassessment, and review of this Policy and any report(s) and/or finding(s) of the School Safety/School Climate Team, with input from the school Anti-Bullying Specialist, and recommend revisions and additions to this Policy as well as to harassment, intimidation, or bullying prevention programs and approaches based on the findings from the evaluation, reassessment, and review.

Law enforcement officials may request a suspension or stay of the district's harassment, intimidation, or bullying investigation if the conduct is being investigated by law enforcement. If law enforcement officials request a suspension or stay of a harassment, intimidation, or bullying investigation, school officials will follow the provisions of the MOA regardless of where the district is in the harassment, intimidation, or bullying investigation timeline.

POLICY GUIDE

School officials will immediately memorialize the request, in writing, from law enforcement and advise the parent(s) of the alleged perpetrator(s) and alleged victim(s) of law enforcement's request. The notice to parents must include notice that the district is obligated under New Jersey's Law Against Discrimination to address student-on-student bias-based harassment and the statute of limitations for filing a complaint in the Division of Civil Rights will not be extended due to law enforcement's request.

If law enforcement has not affirmatively requested a stay or suspension of a harassment, intimidation, or bullying investigation, but the school district believes the action(s) involved may constitute a criminal offense(s), school officials will contact law enforcement to inquire as to whether law enforcement may want to investigate the matter.

5516 USE OF ELECTRONIC COMMUNICATION DEVICES

To support school environments in which students can fully engage with their classmates and their teachers, and to focus attention upon instruction, the Board of Education has determined the use of cell phones and other electronic communication devices by students for personal use during the school day and school activities should be limited.

The Board adopts Regulation 5516 and this Policy to address student use of an electronic communication device for personal use on school grounds during the school day, to also include, but not be limited to: during before and after school programs; during any co-curricular activity; and on a school bus.

Nothing in Regulation 5516 and this Policy shall prohibit a student from using an electronic communication device for a purpose documented in a classified student’s Individualized Education Plan (IEP) or a plan developed under Section 504 of the “Rehabilitation Act of 1973,” 29 USC 794. A student may use an electronic communication device to monitor or address a health condition with prior permission from the Principal, in consultation with the school nurse to be documented in the student’s Individual Health Plan.

In addition, the Board believes students and/or school staff members should not be subject to having any type of recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student and the student’s parent or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. Inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be

used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students.

A student found to have violated this Policy and the law may be required to participate in additional educational programs to help the student understand the harmful effects of smoking and to discourage the use of tobacco products. These programs may include, but are not limited to, counseling, smoking information programs, and/or smoking cessation programs sponsored by this school district or available through approved outside agencies.

The Board directs that the health curriculum include instruction in the potential hazards of the use of tobacco. All school staff members shall make every reasonable effort to discourage students from developing the habit of smoking.

The Board shall post signage in a prominent, public place in buildings and on school grounds where electronic surveillance equipment may be used.

In addition to posting, the district shall notify school staff members, parent(s), and students that electronic surveillance may be used in school buildings and on school grounds through publication in student and staff handbooks, school calendars, notice sent home with students, or any other effective means to publish the district's use of electronic surveillance equipment in school buildings and on school grounds.

School meals applications shall be reviewed in a timely manner. An eligibility determination will be made, the family will be notified of its status, and the status will be implemented as soon as possible within ten operating days of receipt of the completed application pursuant to 7 CFR 245.6(c)(6). "Operating days" mean days that reimbursable meals are offered to eligible students under the National School Lunch Program or School Breakfast Program. Any student found eligible shall be offered free or reduced price meals or free milk immediately upon the establishment of their eligibility and shall continue to receive such meals during the pendency of any inquiry regarding their eligibility in accordance with the requirements of the Division of Food and Nutrition, School Nutrition Programs, NJDOA. Carry-over of previous year's eligibility for students shall be in accordance with the requirements of the Division of Food and Nutrition, School Nutrition Programs, NJDOA.

In accordance with 7 CFR 245.6(c)(1) and (2), eligibility for free or reduced price meals, as determined through an approved application or by direct certification, must remain in effect for the entire school year and for up to thirty operating days in the subsequent school year. Prior to the processing of an application or the completion of direct certification procedures for the current school year, children from households with approved applications or documentation of direct certification on file from the preceding year, shall be offered reimbursable free and reduced price meals, as appropriate.

In accordance with 7 CFR 245.6(c)(6)(iii), children from households that notify the local educational agency that they do not want free or reduced price benefits must have their benefits discontinued as soon as possible.

POLICY GUIDE

Pursuant to 7 CFR 245.6(c)(7), if the district receives an incomplete school meals application or a school meals application that does not meet the eligibility criteria for free or reduced priced benefits, the school meals application must be denied. The district shall document and retain the denied school meals application and reasons for ineligibility for three years in accordance with 7 CFR 245.6(e).

In accordance with 7 CFR 245.6(c)(7), parents of students who are denied benefits must receive prompt, written notification of their denial. The notification may be provided by mail or e-mail to the individual who signed the school meals application. Posting the denial on the “notification” page of an online system does not meet this requirement. Likewise, informing the parent of denial via telephone does not meet this requirement. If the district uses an automated telephone information system to notify parents of denied benefits, the district must also provide the parents with written notification of the denial. The notification must provide the: reason for denial of benefits; right to appeal; instructions on how to appeal; and ability to reapply for free and reduced price benefits at any time during the school year.

In accordance with 7 CFR 245.6(e), the district shall record the eligibility determination and notification in an easily referenced format. The record shall include the: denial date; reason for denial; date the denial notice was sent; and signature or initials of the determining official (may be electronic, where applicable).

Any parents of students who have benefits that are to be reduced or terminated must be given ten calendar days’ written notice of the change prior to the date the change will go into effect pursuant to 7 CFR 245.6a(j). The first day of the advance notice period shall be the day the notice is sent. The notice of adverse action may be sent via mail or to the e-mail address of the parent. The district cannot notify the household of adverse action by phone only.

Pursuant to 7 CFR 245.6a(j), the notice of adverse action must advise the parents of: change in benefits; reasons for the change; an appeal must be filed within the ten calendar days advance notice period to ensure continued benefits while awaiting a hearing and decision; instructions on how to appeal; and the parents may reapply for benefits at any time during the school year.

If the district participates in any National School Lunch Program, School Breakfast Program, or provides free milk under the Special Milk Program,

POLICY GUIDE

the district shall submit to the NJDOA a free and reduced price policy statement pursuant to 7 CFR 245.10.

In accordance with 7 CFR 245.1(b), the district shall avoid any policy or practice leading to the overt identification of students receiving free or reduced price meal benefits. Overt identification is any action that may result in a child being recognized as potentially eligible for or certified for free or reduced price school meals. Unauthorized disclosure or overt identification of students receiving free and reduced price meal benefits is prohibited. The district shall ensure that a child's eligibility status is not disclosed at any point in the process of providing free and reduced price meals, including: notification of the availability of free and reduced price benefits; certification and notification of eligibility; provision of meals in the cafeteria; and the point of service. In addition, the district shall ensure students who receive free and reduced price benefits are not overtly identified when they are provided additional services under programs or activities available to low-income students based on their eligibility for free and reduced price meals.

Pursuant to 7 CFR 245.2, disclosure means revealing or using individual student's program eligibility information obtained through the free and reduced price meal or free milk eligibility process for a purpose other than the purpose for which the information was obtained. Disclosure includes, but is not limited to, access, release, or transfer of personal data about students by means of print, tape, microfilm, microfiche, electronic communication, or any other means. It includes eligibility information obtained through the school meals application or through direct certification.

If the district accepts both cash and electronic payments, the district shall ensure students are not overtly identified through the method of payment pursuant to 7 CFR 245.8(b). To the maximum extent practicable, the district must ensure the sale of non-program foods and the method of payment for non-program foods do not inadvertently result in students being identified by their peers as receiving free and reduced price benefits.

The School Business Administrator/Board Secretary or designee will verify applications of those eligible for free or reduced price meals in accordance with the requirements of the Division of Food and Nutrition, School Nutrition Programs, NJDOA.

F. Meal Charge Program – N.J.S.A. 18A:33-21

POLICY GUIDE

The Board of Education provides a meal charge program to permit students in the district to charge for breakfast or lunch. Collection of any payment for a meal charge program account that is in arrears shall be addressed in accordance with provisions of this Policy.

The Board of Education recognizes a student may not have breakfast or lunch (meal), as applicable, or money to purchase an unsubsidized school breakfast or school lunch at school on a school day causing the student's unsubsidized school breakfast or unsubsidized school lunch bill to fall into arrears. The participating school district shall contact the student's parent to provide notice of the arrearage and shall provide the parent with a period of ten school days to pay the amount due. If the student's parent has not made full payment by the end of the designated ten school day period, then the participating school district shall again contact the student's parent to provide notice of any action to be taken in response to the arrearage.

A parent who has received a second notice their student's unsubsidized school breakfast or unsubsidized school lunch bill is in arrears and who has not made payment in full within one week from the date of the second notice may be requested to meet with the Principal or designee to discuss and resolve the matter.

A parent's refusal to meet with the Principal or designee or take other steps to resolve the matter may be indicative of more serious issues in the family or household. However, when a parent's routine failure to provide breakfast or lunch is reasonably suspected to be indicative of child neglect, the Principal or designee shall immediately report such suspicion to the Department of Children and Families, Division of Child Protection and Permanency as required in N.J.S.A. 9:6-8.10. Such reporting shall not be delayed to accommodate a parent's meeting with the Principal or designee.

A participating school district shall report at least biannually to the NJDOA the number and percentage of enrolled students who have been denied school breakfast or school lunch on the basis of an unsubsidized meal bill arrearage, pursuant to N.J.S.A. 18A:33-21.a.(2) and this Policy.

Nothing in N.J.S.A. 18A:33-21 or this Policy shall be construed to:

1. Require the participating school district to deny or restrict the ability of a student to access unsubsidized school breakfast or unsubsidized school lunch, respectively, whenever the student's unsubsidized school breakfast or unsubsidized school lunch bill is in arrears; or

POLICY GUIDE

2. Authorize the participating school district to deny or restrict the ability of a student who is income-eligible for subsidized school lunch, but who is not income-eligible for subsidized school breakfast, to continue to access subsidized school lunch whenever the student's unsubsidized school breakfast bill is in arrears.

The participating school district shall not:

1. Publicly identify or stigmatize a student who cannot pay for an unsubsidized school breakfast or an unsubsidized school lunch or whose unsubsidized school breakfast or lunch bill is in arrears, example, by requiring the student to sit at a separate table, to wear a wristband, hand stamp, or identifying mark, or to accept an alternative meal;
2. Require a student, who cannot pay for an unsubsidized school breakfast or an unsubsidized school lunch or whose unsubsidized school breakfast or lunch bill is in arrears to do chores or other work to pay for the unsubsidized school breakfast or unsubsidized school lunch;
3. Require a student to discard an unsubsidized school breakfast or an unsubsidized school lunch after it has been served, either because the student is unable to pay for the unsubsidized school breakfast or unsubsidized school lunch or because the student's unsubsidized school breakfast or unsubsidized lunch bill is in arrears;
4. Prohibit a student, or a sibling thereof, from attending or participating in non-fee-based extracurricular activities, field trips, or school events, from receiving grades, official transcripts, or report cards, or from graduating or attending graduation events, solely because of the student's unresolved breakfast or lunch debt; or
5. Require a student's parent to pay fees or costs in excess of the actual amounts owed for unsubsidized school breakfasts or unsubsidized school lunches, or both, which have been previously served to the student.

If a student owes money for the equivalent of five or more unsubsidized school meals, the Principal or designee of the participating school district shall:

POLICY GUIDE

1. Determine whether the student is eligible for subsidized school meals, by conducting a review of all available records related to the student, and by making at least two attempts, not including the initial attempt made pursuant to N.J.S.A. 18A:33 21b1 to contact the student's parent and have the parent complete a subsidized school meals application; and
2. Contact the student's parent to:
 - a. Offer assistance with respect to the completion of the subsidized school meals application; and
 - b. Determine whether there are other issues in the household that have caused the student to have insufficient funds to purchase an unsubsidized school breakfast or unsubsidized school lunch, as the case may be; and
 - c. Offer any other appropriate assistance.

The participating school district shall direct communications about a student's unsubsidized school meals arrearage to the parent and not to the student. Nothing in N.J.S.A. 18A:33-21 shall prohibit the participating school district from sending a student home with a letter addressed to a parent.

Notwithstanding the provisions of N.J.S.A. 18A:33-21 and the provisions of any other law, rule, or regulation to the contrary, a student shall not be denied access to a school meal, regardless of the student's ability to pay or the status of the student's meal arrearages, during any period of time in which the participating school district is making a determination, pursuant to N.J.S.A. 18A:33-21.c., as to whether the student is eligible for, and can be certified to receive, subsidized school meals.

If the student's meal bill is in arrears, but the student has the money to purchase a meal on a subsequent school day, the student will be provided a meal with payment and the food service program will not use the student's payment to repay previously unpaid charges if the student intended to use the money to purchase that school day's meal.

Students receiving free meals will not be denied a meal even if they accrued a negative balance from other purchases in the cafeteria.

POLICY GUIDE

The school district may post this Policy on the school district's website provided there is a method in place to ensure this Policy reaches all households without access to a computer or the Internet.]

G. Provision of Meals to Homeless Children – N.J.S.A. 18A:33-21c.

The district's liaison for the education of homeless children shall coordinate with district personnel to ensure that a homeless student receives free school meals and is monitored according to district policies pursuant to N.J.S.A. 18A:33-21c.

H. Provision of School Meals During Period of School Closure – N.J.S.A. 18A:33-27.2

Whenever the Board receives a written directive, from either the New Jersey Department of Health or the health officer of the jurisdiction, instituting a public health-related school closure due to the COVID-19 epidemic, the district having jurisdiction over the closed school shall implement and operate an emergency school meals distribution program during the period of the school closure. An emergency school meals distribution program implemented pursuant to N.J.S.A. 18A:33-27.2 shall provide for subsidized school meals to be made available, at meal distribution sites designated pursuant to N.J.S.A. 18A:33-27.2.b., to all students enrolled in the district who are either categorically eligible or income-eligible therefor.

In order to facilitate the emergency distribution of subsidized school meals in the event of an emergency public school closure, as described in N.J.S.A. 18A:33-27.2.a., each district shall identify one or more school meal distribution sites that are walkable and easily accessible to students in the district. The district shall collaborate with county and municipal government officials in identifying appropriate distribution sites including, but not limited to: faith-based locations; community centers, such as YMCAs; and locations in the district where meals are made available through a summer meals program. In a district that includes high density housing, the district shall make every effort to identify an emergency school meals distribution site in that housing area.

The district shall identify students enrolled in the district who are categorically eligible or income-eligible for subsidized school lunch, subsidized school breakfast, or both, and for whom an emergency school meal distribution site, identified pursuant to N.J.S.A. 18A:33-27.2.b., is not within walking distance. In the case of these students, the district shall distribute the subsidized school meals to the student's residence or to the student's bus stop along an established bus route, provided that, in the latter

POLICY GUIDE

case, the student or the student's parent shall be present at the bus stop to accept the distribution. Distributions made pursuant to N.J.S.A. 18A:33-27.2.c. may include up to a total of three school days' worth of food per delivery.

The district may use school buses owned and operated by the district to distribute subsidized school meals pursuant to N.J.S.A. 18A:33-27.2. If the district does not own and operate its own buses, the district may enter into a contract authorizing another party to engage in the emergency distribution of subsidized school meals, on the district's behalf, pursuant to N.J.S.A. 18A:33-27.2, and any such contracts shall be exempt from the public bidding requirements established pursuant to the "Public School Contracts Law," N.J.S.A. 18A:18A-1 et seq.

The district shall collaborate, as feasible, with other districts and with local government units when implementing an emergency meals distribution program, pursuant to N.J.S.A. 18A:33-27.2, in order to promote administrative and operational efficiencies and cost savings.

School lunches and breakfasts that are made available through an emergency meals distribution program operating pursuant to N.J.S.A. 18A:33-27.2, shall be provided to eligible students free of charge, in accordance with the provisions of N.J.S.A. 18A:33-4.a. and N.J.S.A. 18A:33-14a.a.

The Superintendent's decision may be appealed to the Board in accordance with the Board appeal provisions in Policy and Regulation 9130 – Public Complaints and Grievances.

This Policy shall be provided to the parent(s) of student-athletes participating in interscholastic programs in the district. The parent(s) shall be required to sign a document acknowledging receipt of this Policy and acknowledging their understanding of the provisions of this Policy. This document shall be provided to the parent(s) during the sports registration process before each season.
